

Homeowner's Assessment

FireSmart Begins at Home

Assess Your Risk from Wildfire

Answer the questions below to see what changes will make the greatest difference in reducing your home's risk from wildfire. Select the score that corresponds with your response.

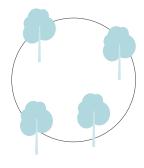

HOME / 10 metres		ZONE 1
What type of roofing material do you have?	Metal, clay tile, asphalt shingle or ULC-rated shakes (may be affected by the condition of your roof)	0
	Unrated wood shakes	30
How clean is your roof?	No needles, leaves or other combustible materials	0
	A scattering of needles and leaves	2
	Clogged gutters and extensive leaves	3
What is the exterior of your home built of?	Non-combustible material stucco, metal siding or brick	0
	Logs or heavy timbers	1
	Wood, vinyl siding or wood shakes	6
How fire-resistant are your windows and doors?	Tempered glass in all doors/windows	0
	Double-pane glass - Small/medium (<1 metre x 1 metre)	1
	Double-pane glass - Large (>metre x 1 metre)	2
	Single-pane glass - Small/medium (<1 metre x 1 metre)	2
	Single-pane glass - Large (<1 metre x 1 metre)	4
Are your eaves closed up and vents screened?	Closed eaves, vents screened with 3 millimetre wire mesh	0
	Closed eaves, vents without mesh	1
	Open eaves, vents not screened	6

HOME / 10 metres		ZONE 1	
Have you sheathed-in the underside of your balcony, deck, porch or open foundation?	Sheathed with fire-resistant materials	0	
	Sheathed with combustible materials	2	
	Not sheathed	6	
Is your home set back from the edge of a slope?	Building is located on the bottom or lower portion of a hill	0	
	Building is located on the mid to upper portion or crest of a hill	6	
	HOME SCORE		

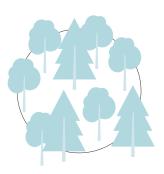

YARD / Within 10 metres of home		ZONE 1
Where are your outbuildings	More than 10 metres from home	0
located?	Less than 10 metres from home	6
Where is your woodpile located?	More than 10 metres away from any building	0
	Less than 10 metres away from any building	6
	TREES	
What type of forest grows within 10 metres of your home?	Deciduous (e.g. poplar, birch)	0
	Mixed wood (both conifer and deciduous)	30
	Conifer (e.g. spruce, pine, fir, cedar)	30
What kind of surface vegetation and combustible materials are	Well-drained lawn or non- combustible landscaping material	0
within 10 metres of your home and outbuildings?	Uncut grass or shrubs	30
	Twigs, branches and tree needles on the ground	30
YARD (within 10 n	netres of home) SCORE	

YARD / 10- 30 metres ZONE 2

	TREES		
	Deciduous (e.g. poplar, birch, cottonwood)	0	
What type of forest surrounds your home?	Mixed wood (both conifer and deciduous)	10	
What kind of surface vegetation grows within 10 to 30 metres of your home?	CONIFER (e.g. spruce, pine, fir, cedar) See below illustration*		
What kind of surface vegetation	Separated	10	
grows in the zones around your	Continuous	30	
buildings?	TWIGS, BRANCHES AND NEEDLES ON THE GROUND		
	Scattered	5	
	Abundant	30	
	Uncut grass or shrubs	5	
Are there shrubs and low branches (within 2 metres of the ground) in the surrounding forest?	None within 10 to 30 metres	0	
	Scattered within 10 to 30 metres of buildings	5	
	Abundant within 10 to 30 metres of buildings	10	
YARD (10-30 metres) SCORE			

SEPARATED Trees are widely spaced and crowns do not touch or overlap

CONTINUOUS
High stand density where trees are
tightly spaced and crowns frequently
touch or overlap

Home and Yard Hazard Score

SITE		TOTAL SCORE
Zone 1 /	Home	
Home and Yard	10 metres from the home	
Zone 2 / Yard	10-30 metres from the home	

HAZARD: Low: <21 Moderate: 21-29 High: 30-35 Extreme: >35

HOME CONSIDERATIONS

- Have you discussed wildfire damage and loss with your insurance provider?
- Is your roof in poor condition? A roof in poor condition will not provide
 protection from sparks and embers. Fire resistance deteriorates over time;
 check manufacturer guidelines to assess roof condition and potential
 fire resistance.
- Is your chimney clean? Does it have proper clearances, screens and spark arrestors?

YARD CONSIDERATIONS

- Is the area within 10 metres of buildings free of flammable trees, other vegetation and combustible materials?
- Are large capacity propane tanks within 10 metres of buildings? Are they clear of vegetation?
- Is fire suppression equipment readily available? Shovels, rakes, buckets and hoses should be easily accessible.
- Are burn barrels screened and at least 10 metres from combustible materials and buildings?
- Are overhead power lines clear of vegetation? Contact your service provider for assistance with removing trees in close proximity to utility lines.

Evacuation Tips

READY-TO-GO KIT

2 litres of water for each person	
Non-refrigerated food and a manual can opener	
Plastic or paper plates, cups and utensils	
Flashlights and extra batteries	
Radio with batteries	
A change of clothes	
Emergency contact information and the number of some call who lives out of town	one to
Pet food and supplies for at least three days	
Small first aid kit	
Personal identification card	
Personal hygiene items, soap and hand sanitizer	
Store medicine you usually take near your ready-to-go kit	:
Cash in small denominations	

WHEN YOU LEAVE, REMEMBER TO:

Make sure you are safe before assisting others
Check online or listen to the radio or television for information from authorities
Turn off your home water, electricity and gas
Post easy to see signs for water and gas shut-offs
Follow your family evacuation plan
Bring your ready-to-go kit
Close doors and windows

Family Evacuation Plan

Fill out this form and keep it near your home phone or someplace where everyone in your house can easily find it. Keep a copy in your emergency kit, and rehearse your evacuation plan at least once a year.
